

JOIN™

Join™ is a new coffee table series designed by Fritz Hansen. The series has a subtle and understated expression but plays a central role by bringing people together and connecting with the rest of the furniture in the room. Join comes in three shapes: a classic round table and two sizes of ovals. Despite the different shapes, the three tables share a distinct style and clearly belong to the same family. In this versatile series, the tables can either stand alone, highlighting their unique qualities, or stand together. Join has a beautiful and timeless design with an unstated personality and the ability to blend into any setting and room.
