

The Original Acapulco Chair® is named after the legendary Pacific resort Acapulco in Mexico. In the '50 Acapulco was a refuge of Pacific quiet, waves, and cocktails served to Hollywood's greatest stars on sunny terraces overlooking the Acapulco Bay. Elvis, Elisabeth Taylor and John Wayne were some of many who fell in love with Acapulco at the time.

In collaboration with Danish label OK Design, this updated version of the classic seating was made in a Mexico City workshop supporting social projects and making a difference for hundreds of young workers.
