All items will be shipped flat-packed for self-assembly. Boxes come in units of 3, one colour or colour mix.
 Wood is a natural material and therefore changes in colour over time. The lacquer finish (with a small amount
 of white pigment) will minimise, but not completely prevent, these changes.

Can be shipped by standard parcel service.

Famille Garage

A versatile piece of furniture for life.

A modular system, where a baby's changing table later becomes a storage unit for toys.

Buy an extra trestle, turn the top of the changing table around and you have a table for children aged 3 to 6.

You can either order an additional bench or use the trestle for the small storage unit with an extra panel to create a bench to go with the table. The small storage unit can be mounted to the wall.

Prices for individual components

changing tabletop/tabletop x

large storage unit with trestle
without top x

top for large storage unit x
