

USM Haller
System

The basic construction element of USM Modular Furniture Haller is a chrome-plated brass ball joint. Chromed steel tubes connect to the ball to form a stable framework in which the powder-coated metal panels (available in 14 colors) and internal organizational elements are mounted.

Minimalist design with maximum function has made USM Haller a true modern classic, still timeless more than 45 years after it was first introduced. While its basic principles and aesthetics have not changed, accessories are updated continuously to meet current needs and technological advancements, always with the same goal: form and function based on high quality materials and construction precision.

USM Haller
Components

1 Metal panel
Available in various sizes and 14 standard colors.
Details see pages 16 and 38.

2 Perforated metal panel

Measurements

USM Haller

The outside dimensions of a USM Haller piece is calculated by adding the support frame to the distance between axes.

The USM Haller system provides a wide variety of elements in standard sizes. Heights, widths and depths are indicated as shown below. All measurements in mm refer to the distance between axes.

H: 100																			
H: 150																			
H: 175																			
H: 200

Surfaces & colors

USM Haller Table / USM Kitos Table

Powdercoated MDF

The medium-density fibreboard (MDF) is made of natural materials and comes with a 0,2 mm powder coating which gives it a thorough overall seal. The result is a robust, scratch- and impact-resistant surface. The colours perfectly match the furniture colours.

Transparent glass

This is a real classic. The solid float glass, made of quartz sand, limestone, dolomite and soda, looks like a thin sheet of ice suspended in the air. Its homogeneous, smooth surface is particularly resistant to all forms of damage.

Transparent glass

Granite

These two types of granite, Serizzo formazza and Nero Assoluto, are medium to fine-grained and available with an impregnated, polished or matte surface. Serizzo formazza has a bright, dynamic look thanks to its pale underground and irregular black inclusions, while Nero Assoluto gives an air of elegance and grace with its fine-grained deep black coloration.

Assoluto Polished

Grey granite ¹

Linoleum ¹

Linoleum is characterised by an agreeable warm feel thanks to the use of natural components and other sustainable materials such as linseed oil or wood floor. It is also slightly elastic and has antistatic properties that keep it dust-free.

Ash Linoleum ¹

Charcoal Linoleum ¹

Black Linoleum

Pebble Linoleum ¹

Mauve Linoleum ¹

Laminate

Laminate surfaces are extremely resistant to wear, denting and scratching. This type of material is characterised by a black border all the way round the table.

Pearl gray laminate

Pastel gray laminate ¹

Light mid-gray laminate ¹

Dark warm gray laminate ¹

Oiled and lacquered veneer

The oiled tabletops look very impressive with their high-quality matt finish. Treatment with natural oil nicely brings out the natural grain of wood. The lacquered tabletops have been treated with a water-based paint giving them a slightly glossy look and making the wood more resistant to knocks.
