Wire Coffee Table^{VP17}

Verner Panton

1981

Product description

Coffee Table

Environment

Indoor

Material

Steel wire rod, steel plate

Production process

The coffee table is made from steel wire that is bent into shape and welded together. The centre construction is made of steel plates. The product is mirror polished, so no surface treatment is added. The glass top is tempered glass that is cut into round shape.

Dimensions

Ø: 74 cm / 29.13 in

H: 36 cm / 14.17 in

Weight

6.3 kg

Strength, durability and safety testing

EN 15372

L2 TEST

Impact

The Wire Series' frame is made entirely from steel, a mono material that is easily widely recyclable at end of life.

Manufacturer

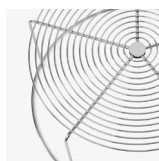

Produced in PRC by NUSH/Notable progress Co., Ltd

Recycling & Disassembly

Wire Coffee Table VP17

Recycling

The Wire Coffee Table VP17 is built to last, and we hope that it will serve you for many years. It is made from metal, glass and plastic and can be easily separated from into its components. All metal and plastic parts can be separated and delivered to a suitable recycling station.

Spare parts

To purchase spare parts for your Wire Coffee Table VP17, please write to our sales support team at info@andtradition.com with your query.

5 year warranty

&Tradition provides a 5-year warranty with every Wire Coffee Table VP17. This warranty covers any faults present at the time of purchase, or those that may have occurred as a result of a manufacturing defect. The warranty is valid from the date stated on the original invoice.

Disassembly

1. Start by unscrewing the centre plate from the base using an Allen key. The screw is located at the bottom of the tabletop. This will loosen the top washer.

2. Now, the centre plate and glass top are loose. Detach them.

3. Take off the plastic spacers that the table top was resting on. There is one on each leg and one on the centre.

4. Finally, if the table has gliders, unscrew them and detach them.
