Neri&Hu

IP20    Dimmable: 

LUMINAIRE

- Watt: **5W**
- Tension: **220-240V**
- Flux Lumineux (lm): **378lm**
- Efficiency: **80%**
- Efficacy: **75.57lm/W**
- CRI: **80**

Remarques

The glass ball and brass rings can slide along the rod. The light intensity can only be adjusted with dimmable bulbs. Maximum bulb length 80mm. Maximum bulb diameter: 50mm.

DESCRIPTION

nh continues the study on the dynamic interaction of expertise, details, materials, form, and light that Neri&Hu are developing with Artemide. The selected materials represent a perfect combination of tradition and innovation, as well as the expression of responsible and sustainable design, also conveyed by the use of a lowconsumption retrofit LED source. Like all the projects designed by Neri&Hu, nh offers a reinterpretation of the Oriental culture and tradition with a constant contemporary approach. With surprising lightness and elementary movements nh creates a landscape of elements generating – either individually or combined with each other – a non-static balanced composition characterized by elegant colour and material matching.
