THE CASSINA PERSPECTIVE GOES OUTDOOR

Avant-gardism, authenticity, excellence and the combination of technological skill and local craftsmanship expertise. Cassina's identity is founded on solid and shared values that express the best of Italian and international design with a cohesive, recognisable and cultured approach. Through a unique weave of words and actions, Cassina has successfully amalgamated culture, craftsmanship and industry, reconciling tradition with research, rigour with emotions and uniqueness with experimentation, interpreting everyday trends thanks to its constant work on aesthetics and codification. The pioneering and free spirit that for over 90 years has placed this company based in Meda ahead of its time, has traced a unique path — in terms of intuition and farsightedness — through the world of interior design and architecture. In fact, in the 1950s Cassina marked the transition from artisanal manufacture to an industrial production; it was the first company to involve the most enlightened designers and architects in exploring the effects and influences of contemporary design with new forms; it was the only company to innovate in all areas of design, perfecting new structural solutions and envisaging possible ways of living inspired by society, art and fashion by focusing on the future, challenging conventions and defining new horizons.

IT Avanguardia, autenticità, eccellenza e connubio di capacità tecnologica e sapienza manuale locale. L'identità di Cassina si è costruita su valori solidi e condivisi, per esprimere il meglio del design italiano e internazionale con un linguaggio coerente, riconoscibile, colto. DE Avantgarde, Authentizität, Exzellenz und die Kombination aus technologischem Know-How und lokalem handwerklichem Geschick. Die Identität der Marke Cassina basiert auf soliden, geteilten Werten, um das Beste des italienischen und internationalen Designs mit einer kohärenten, erkennbaren, gehobenen Sprache zum Ausdruck zu bringen. Durch eine ganz spezielle Verflechtung von Gesten und Worten hat Cassina es verstanden, eine Interaktion zwischen Kultur, Handwerk und Industrie in die Wege zu leiten,

This is why Cassina's designs are part of the permanent collections of the world's most prominent museums. Its products are durable and timeless, a synthesis of beauty and meaning, impeccable in terms of the quality of the materials and sartorial details. The perfection it has achieved in terms of carpentry expertise and leather and upholstery workmanship can still be seen today in masterpieces such as the *699 Superleggera* chair by Gio Ponti, the CAB family by Mario Bellini and the Maralunga sofa by Vico Magistretti.

In a continuous dialogue between the past, present and future, Cassina produces the iconic models designed by the architects of the 20th century for the Cassina I Maestri Collection: pieces by Le Corbusier, Pierre Jeanneret, Charlotte Perriand, Charles Rennie Mackintosh, Gerrit Thomas Rietveld, Franco Albini, Frank Lloyd Wright and Marco Zanuso are reissued, always with respect for the original design and functional concept, and modernised using the latest technologies. Since the 1950s Cassina has also produced seminal works of contemporary design by some of the world's leading designers, from Ronan & Erwan Bouroullec to

quotidianità grazie a un lavoro costante su estetica e tipologie. Con spirito pionieristico e libero, da oltre 90 anni l'azienda di Meda anticipa i tempi, tracciando un percorso inedito – per intuizione e lungimiranza – nel mondo del design e dell'architettura di interni. Cassina sancisce infatti negli anni Cinquanta il passaggio dalla produzione artigianale a quella industriale; è la prima azienda a coinvolgere i più illuminati designer e architetti nella narrazione, per mezzo di nuove forme, delle suggestioni e influenze della progettazione contemporanea; l'unica a esercitare l'innovazione a ogni scala del disegno: mettendo a punto inedite soluzioni costruttive, immaginando possibili prospettive dell'abitare ispirate alla società, all'arte e alla moda, mantenendo lo sguardo tenacemente proiettato verso il futuro, a sfidare il convenzionale, a delineare gli orizzonti del nuovo.

Per questo il design di Cassina è esposto nelle collezioni permanenti dei più importanti musei del mondo. I suoi prodotti sono durevoli e senza tempo, sintesi di bellezza e significato, curati nei materiali di qualità assoluta e nei dettagli sartoriali. La perfezione nelle lavorazioni di alta falegnameria, nella fattura delle pelli e nelle tappezzerie e imbottiti è rappresentata ancora oggi da capolavori come la sedia *699 Superleggera* di Gio Ponti, la famiglia CAB di Mario Bellini, il divano Maralunga di Vico Magistretti.

In un continuo dialogo tra passato, presente e futuro, Cassina realizza i modelli iconici creati dagli architetti del XX secolo con la Collezione Cassina I Maestri, in cui gli arredi di Le Corbusier, Pierre Jeanneret, Charlotte Perriand, Charles Rennie Mackintosh, Gerrit Thomas Rietveld, Franco Albini, Frank Lloyd Wright e Marco Zanuso vengono rie-

interprétant les tendances du quotidien grâce à un travail constant sur l'esthétique et les formes. Depuis plus de 90 ans, grâce à son esprit pionnier et libre, l'entreprise de Meda anticipe l'air du temps en traçant un parcours inédit – par intuition et clairvoyance – dans le monde du design et de l'architecture d'intérieur. Dans les années 50, Cassina saute le pas et passe de la production artisanale à la production industrielle. Elle est la première entreprise à impliquer les designers les plus éclairés et les architectes, au moyen de nouvelles formes, de suggestions et d'influences du design contemporain. Elle est la seule à innover sur tous les plans de la création : en mettant au point des solutions constructives inédites, en imaginant des nouvelles solutions inspirées de la société, de l'art et de la mode, pour habiter l'espace, en ayant toujours le regard tourné vers l'avenir, défier le conventionnel et dessiner l'horizon de la nouveauté.

Pour toutes ces raisons, le design de Cassina est exposé dans les collections permanentes des musées les plus importants du monde. Ses produits sont durables et intemporels, synthèse de beauté et de sens, édités dans des matières de qualité absolue et avec des détails haute-couture. La perfection du travail de menuiserie, la facture des peaux et des tapisseries et du matelassage est encore représentée aujourd'hui par des chefs-d'œuvre comme *699 Superleggera* de Gio Ponti, CAB de Mario Bellini et Maralunga de Vico Magistretti. Dans un dialogue continu entre passé, présent et futur, Cassina réalise les modèles iconiques créés par les architectes du XXème siècle avec la Collezione Cassina I Maestri, dans laquelle on trouve les rééditions du mobilier de Le

indem Erinnerung und Forschung, Strenge und Emotion, Einzigartigkeit und Forschung auf einen Nenner gebracht und die Trends des Alltags dank konstanter Arbeit an Ästhetik und Typologien interpretiert werden. Im Zeichen des Pionier- und Freigeistes ist die Firma aus Meda seit 90 Jahren ihrer Zeit voraus und zeichnet einen Weg vor, der aufgrund seiner Intuition und Weitsichtigkeit in der Welt des Designs und der Innenarchitektur einzigartig ist. Cassina festigt nämlich in den 50er Jahren den Übergang von der handwerklichen zur industriellen Produktion; Cassina ist die erste Firma, die die bedeutendsten Designer und Architekten über neue Formen, Suggestionen und Einflüsse des zeitgemäßen Entwerfens in die Erzählung miteinbezieht; die einzige, die Innovation auf jeder Design-Ebene anwendet: sie entwickelt noch nie dagewesene bauliche Lösungen, sie stellt sich mögliche Perspektiven des Wohnens vor, die durch Gesellschaft, Kunst und Mode inspiriert werden, und behält dabei stets und unermüdlich die Zukunft im Auge; sie fordert die Konventionen heraus und skizziert die Horizonte des Neuen.

Aus diesem Grund ist das Design von Cassina in den permanenten Ausstellungen der wichtigsten Museen der Welt zu sehen. Die Produkte sind langlebig und zeitlos, eine Synthese aus Schönheit und Bedeutung, mit sorgfältig ausgewählten Materialien von absoluter Qualität und mit sartorialen Details. Die Perfektion der Verarbeitung im Zeichen höchster Tischlerkunst, die Machart des Leders sowie der Bezüge und Polsterungen wird auch heute noch durch Meisterwerke wie *699 Superleggera* von Gio Ponti, CAB von Mario Bellini und Maralunga von Vico Magistretti repräsentiert.

Rodolfo Dordoni, Piero Lissoni, Gaetano Pesce, Philippe Starck and Patricia Urquiola, the company's art director. Today Cassina continues to look to the future of design with courage, passion, curiosity and an open and holistic approach. Confirming its exclusive ability to completely furnish *living* and *dining* rooms, the company has now expanded the horizons of its philosophy to the external spaces of the home with *The Cassina Perspective Goes Outdoor*: a concept, an informed and futuristic notion, a broad and detailed horizon of configurations in which the most innovative products are combined with the icons of Modern design to create authentic, welcoming and personal atmospheres. *The Cassina Perspective Goes Outdoor* combines the LC Collection by Le Corbusier, Pierre Jeanneret and Charlotte Perriand, revisited in terms of fabrics and finishes, and two new projects by Charlotte Perriand — the Table à Plateau Interchangeable, now in an outdoor version, and the Doron Hotel Outdoor chair, also available in an indoor version — with three great contemporary designers: Philippe Starck, Rodolfo Dordoni and Patricia Urquiola.

ditati – rispettando accuratamente disegni e concept funzionali originali – e riattualizzati secondo le evoluzioni tecnologiche. Ed è anche l'azienda che produce le opere di riferimento del design contemporaneo dagli anni 50 all'attualità, firmate da alcuni tra i più importanti progettisti internazionali: da Ronan & Erwan Bouroullec a Rodolfo Dordoni, Piero Lissoni, Gaetano Pesce, Philippe Starck, e Patricia Urquiola, art director dell'azienda.

Oggi Cassina continua a guardare al futuro del progetto con audacia, passione, curiosità e un approccio aperto e olistico. Confermando l'esclusiva capacità di arredare gli ambienti *living* e *dining* in modo completo, l'azienda estende gli orizzonti della sua filosofia anche agli spazi esterni della casa attraverso *The Cassina Perspective Goes Outdoor*: un concetto, un pensiero consapevole e avveniristico; un orizzonte ampio e dettagliato di configurazioni, in cui i prodotti dall'anima più innovativa e le icone del moderno creano insieme atmosfere autentiche, accoglienti, personali. Così *The Cassina Perspective Goes Outdoor* abbina la Collezione LC di Le Corbusier, Pierre Jeanneret, Charlotte Perriand, rinnovata nei tessuti e nelle finiture, e due nuovi progetti di Charlotte Perriand – il Table à Plateau Interchangeable, ora in veste outdoor, e la sedia Doron Hotel, una riedizione sia in versione indoor sia per esterni – a tre grandi interpreti contemporanei: Philippe Starck, Rodolfo Dordoni e Patricia Urquiola. Dialogando secondo un codice di sensibilità formale, solidità e autorevolezza culturale, questi sistemi di presenze naturalmente empatiche, capaci di adattarsi a interpretazioni e stili di vita differenti, esprimono l'anima di quattro ambienti open air. Quattro paesaggi privati – l'esterno contemporaneo,

Corbusier, Pierre Jeanneret, Charlotte Perriand, Charles Rennie Mackintosh, Gerrit Thomas Rietveld, Franco Albini, Frank Lloyd Wright et Marco Zanuso – qui respectent soigneusement les designs et les concepts fonctionnels d'origine – et sont réactualisés en fonction des évolutions technologiques. C'est aussi l'entreprise qui produit les œuvres de référence du design contemporain des années 50 à aujourd'hui. On y trouve certains des plus grands designers internationaux : de Ronan & Erwan Bouroullec à Rodolfo Dordoni, en passant par Piero Lissoni, Gaetano Pesce, Philippe Starck, et Patricia Urquiola, directrice artistique de l'entreprise. Aujourd'hui, Cassina continue de penser de futurs du projets avec audace, passion, curiosité et avec une approche ouverte et holistique. En confirmant sa capacité inédite d'aménager entièrement les pièces *living* et *dining*, l'entreprise étend aux horizons de sa philosophie les espaces extérieurs de la maison. Grâce à *The Cassina Perspective Goes Outdoor* : un concept, une pensée consciente et tournée vers l'avenir, un vaste horizon riche de configurations détaillées, où les produits les plus innovants et les icônes de la modernité créent ensemble des atmosphères authentiques, accueillantes et personnelles. Ainsi, *The Cassina Perspective Goes Outdoor* allie trois grands interprètes contemporains : Philippe Starck, Rodolfo Dordoni et Patricia Urquiola à la Collezione LC de Le Corbusier, Pierre Jeanneret, Charlotte Perriand, en transfigurant les couleurs des tissus et les finitions, et deux nouveaux projets de Charlotte Perriand – la Table à Plateau Interchangeable, désormais en version extérieure, et la chaise Hôtel Doron, une réédition à la fois en version indoor et outdoor.

In einem kontinuierlichen Dialog zwischen Vergangenheit, Gegenwart und Zukunft verwirklicht Cassina die ikonischen Modelle, die von den Architekten des 20. Jahrhunderts kreiert wurden: mit der Kollektion Cassina I Maestri, in denen die Einrichtungsobjekte von Le Corbusier, Pierre Jeanneret, Charlotte Perriand, Charles Rennie Mackintosh, Gerrit Thomas Rietveld, Franco Albini, Frank Lloyd Wright und Marco Zanuso neu aufgelegt und gemäß den technologischen Entwicklungen aktualisiert werden; die Originalzeichnungen und funktionalen Konzepte werden dabei strikt eingehalten. Cassina ist auch die Firma, die von den 50er Jahren bis heute die Bezugs-Werke für das zeitgemäße Design produziert, für die einige der bedeutendsten internationalen Entwerfer zeichnen: von Ronan & Erwan Bouroullec über Rodolfo Dordoni, Piero Lissoni, Gaetano Pesce, Philippe Starck, bis zu Patricia Urquiola, Art Director der Firma. Cassina blickt auch heute weiterhin auf die Zukunft des Projekts, mit Courage, Leidenschaft, Neugier und einem offenen, holistischen Ansatz. Die Firma bestätigt ihre exklusive Fähigkeit, Wohn- und Essbereiche nach einem Komplettkonzept einzurichten und erweitert mit *The Cassina Perspective Goes Outdoor* die Horizonte ihrer Philosophie auch auf die Außenbereiche des Heims: ein Konzept, ein bewusster, zukunftsweisender Gedanke; ein breiter und detaillierter Horizont der Konfigurationen, in dem Produkte mit innovativem Wesen und Ikonen der Moderne gemeinsam authentische, einladende und persönliche Atmosphären schaffen. *The Cassina Perspective Goes Outdoor* kombiniert die Kollektion LC von

Interacting according to a code of formal sensibility, solidity and cultural authority, these naturally empathetic systems, capable of adapting to different requirements and lifestyles, are the embodiment of four open air environments. Four private settings – the contemporary outdoors, the tropical refuge, the little private paradise, the metropolitan terrace – to enjoy in complete harmony with nature thanks to the high quality furniture, designed down to the finest of details and dimensions, completed by new outdoor lighting, rugs and accessories. The eclecticism and versatility of Cassina's designs in external living spaces is demonstrated with an unconventional, distinctive and powerful lexicon that expresses the tangible quality of both the individual piece and the ensemble that go beyond passing trends. With the instinct and the ability to envisage tomorrow's classics today.

il rifugio tropicale, il piccolo paradiso privato, la terrazza metropolitana – aperti alla luce e al contesto, da vivere in sintonia con la natura grazie ad arredi in materiali di alta qualità, dalle forme disegnate nei particolari e delle dimensioni calibrate, valorizzati da nuove proposte di illuminazione, tappeti e accessori per l'esterno.

Mostrando l'eclettismo e la versatilità del design Cassina anche negli spazi esterni dell'abitare con un lessico non convenzionale, distintivo e potente, capace di esprimere la qualità tangibile sia dell'oggetto singolo sia dell'insieme, al di là delle mode effimere. E quell'istinto di anticipare nel presente ciò che sarà classico domani.

En dialoguant selon un code de sensibilité formelle, la solidité et l'autorité culturelle, ces systèmes de présence naturellement empathiques, capables de s'adapter à des interprétations et à des styles de vie différents, expriment l'essence de quatre environnements extérieurs. Quatre paysages privés – l'extérieur contemporain, le refuge tropical, le petit paradis privé, la terrasse métropolitaine – ouverts à la lumière et à l'environnement, pour vivre en harmonie avec la nature grâce à un mobilier fait avec des matières de grande qualité, aux formes dessinées avec détails et aux dimensions adaptées, mis en valeur par de nouvelles propositions d'illuminations, de tapis et d'accessoires pour l'extérieur.

Nous montrons l'éclectisme et la polyvalence du design Cassina, également dans les espaces extérieurs, avec un lexique non conventionnel, distingué et puissant, capable d'exprimer la qualité tangible de l'objet en lui-même ou de l'ensemble, au-delà des modes éphémères. Avec cet instinct d'anticiper dans le présent ce qui deviendra un classique de demain.

Le Corbusier, Pierre Jeanneret, Charlotte Perriand in neuen Stofffarben und Verarbeitungen, sowie zwei neuere Projekte von Charlotte Perriand – den Table à Plateau Interchangeable in der Outdoor-Version, und den Stuhl Doron Hotel, eine Neuauflage sowohl in der Version für drinnen und für draußen - mit drei großen modernen Interpretationen und Lebensstile anzupassen, bringen das Wesen von vier Außenbereichen zum Ausdruck. Sie führen ihren Dialog gemäß einem Kodex der formalen Sensibilität, Solidität und des kulturellen Ansehens. Vier private Landschaften – der Zeitgemäßer Außenraum, das tropisches Refugium, das kleines Privatparadies, die Großstadterrasse – die sich dem Licht und dem Kontext öffnen, die im Einklang mit der Natur gelebt werden, dank Einrichtungen aus erstklassigen Materialien, mit Formen, die bis ins kleinste Detail durchdacht sind und ausgewogene Dimensionen aufweisen. Betont durch neue Beleuchtungskörper, Teppiche und Accessoires für Außenbereiche.

Sie zeigen die Eklektik und Vielseitigkeit des Designs von Cassina auch in den Außenbereichen des Heims, mit einem unkonventionellen, starken Vokabular, das sich unterscheidet und in der Lage ist, die greifbare Qualität sowohl des einzelnen Objekts als auch des Gesamtbildes zum Ausdruck zu bringen, abseits von vergänglichen Modeerscheinungen. Und jenen Instinkt, die Klassiker von morgen in der Gegenwart vorwegzunehmen.

Dabei wird der modulare Aufbau der bequemen, vielseitigen Einrichtungsobjekte mit ihrem edlen und ironischen Wesen sowie den erlesenen Details genutzt.

TROPICAL REFUGE

Among the carefully designed architecture and the more exotic and verdant vegetation, the garden is a filter, a passage. C'est une oasis où retrouver un lien plus sincère avec l'environnement et en célébrer le respect, la vigueur et le bien-être. Un refuge où se sentir en osmose avec la nature sur des canapés et des fauteuils durables, aux formes organiques et primitives, dans des matières de très grande qualité et avec des détails apparents, pure combinaison de projet et de spontanéité. Pour un confort qui associe les sens.
