FRITZ HANSEN

SERIES 7™

Product Fact Sheet

SERIES 7™

The Series 7™ chair is an icon in modern furniture history, designed by Arne Jacobsen in 1955. Its unique shape is timeless and incredibly versatile, displaying character without overpowering the eye. The chair is made from 9 layers of pressure moulded veneer for strength, flexibility and durability despite its slender form. This is the most popular design within Fritz Hansen's chair collection.

PRODUCT TYPE
Chair / Armchair

DESIGNER / YEAR OF DESIGN
Arne Jacobsen, 1955

ABOUT THE DESIGNER
The collaboration between Arne Jacobsen and Fritz Hansen dates back to 1934. It was not until 1952 however that the team got its breakthrough with the Ant™. It was succeeded by Series 7™ in 1955, thereby enabling both Jacobsen and Fritz Hansen to write their names into furniture history.

MODELS
3107: Chair w. tube legs (stackable up to 12 chairs*)
3207: Armchair w. tube legs
3117: Chair w. swivel base and castors
3217: Armchair w. swivel base and castors
3187: Counter stool w. tube legs
3197: Bar stool w. tube legs

MATERIAL

Shell:
The shell of the Series 7™ chair is made of pressure moulded veneer - 9 layers in total (7 layers of inner veneer and 2 layers of outer veneer on front and back. The inner veneer is always beech, and the outer veneer is available in various types of natural veneer. The chair is also available in two finishes: coloured veneer (ash) or fully lacquered veneer, in various colours.

All models are also available with front or full upholstery in textile or leather. The shell and armrests are padded with polyurethane (PUR) foam. A water-soluble glue is used for bonding of upholstery to the foam and foam to the shell. Front upholstered armchairs have armrests that match the material of the shell. Fully upholstered armchairs are also avilable with wooden armrests in clear lacquered veneer.

Base:
The base for 3107, 3207, 3187 and 3197 is made of 14 mm steel tubes with 4 legs and leg ferrules of black synthetic material. The base is mounted with black support spacers and a black cover cap. The swivel base for 3117 and 3217 is made of 14 mm steel tubes and 5 hard-wheel castors with aluminium caps (soft wheels are also available). The bases are available in chromed or powder coated steel.

** Upholstered chairs can be stacked (max. 6 pcs.) using specified protective material.*

Model 3107 is available in 3 (seat) heights: 43/46/48 cm | 17.3"/18.1"/18.9". The 3207 is available in 2 (seat) heights: 43/46 cm | 17.3"/18.1".

Yes

PACKAGING
The chair is shipped in cardboard box. Inside the box, the item is wrapped in a PE bag to protect from dust, as well as vulnerable corners are protected with PE foam.

PE foam and cardboard are used as protection between stacked chairs.

All packaging material can be recycled depending on local capability.

CLEANING AND CARE
Find recommendations for cleaning and care at: **fritzhansen.com/maintenance**

REPAIR, DISPOSAL AND REUSE
In case of repair and disposal the chairs can be disassembled into two parts (shell and base). The base and all other metal parts can be recycled. Check local regulations for recycling options and whether there is potential for reuse.

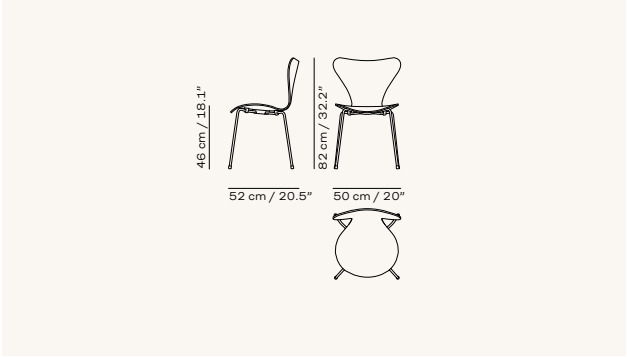

WARRANTY
Fritz Hansen provides a standard 10-year warranty on all Arne Jacobsen shell chairs: Ant™, Grand Prix™, Lily™ and Series 7™.

On any material, textile or leather, which is not listed in the price list on a specific product, the warranty is 2 years.

Additional warranty conditions can be found at: **fritzhansen.com/warranty**
