

HEE COLLECTION /

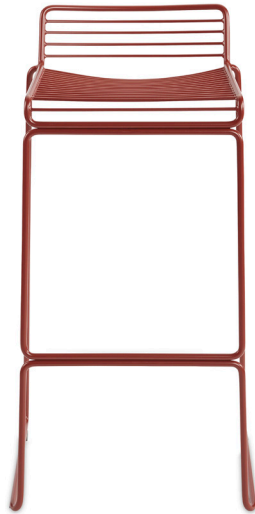

Design: Hee Welling

Like a line drawing, it wraps metre after metre of metal wire into neat, straight lines to create a simple chair in three versions: bar stool, lounge chair and dining chair.

The metal wire is electro-galvanized before it is lacquered, which makes it rust-resistant and perfect for outdoor use. In another useful feature, the chairs can be linked together in rows for conference use. A new exciting colour scheme combines with the other strong qualities of this versatile series to cement Hee's place on HAY's bestseller list.
