Protect the sofa from scratches and other damage while assembling.

1.

Turn the left armrest **A** on its side (2 persons recommended).

2.

3.

Align part **E** with the holes on part **A**
Insert part **F** in the holes. Use the Allen key **G** to tighten the **F** parts completely.

4.

Stand the left armrest **A** upright again (2 persons recommended).

5.

6.

Repeat steps 1, 2, 3, 4 and 5 on parts **C** and **D**

NOTICE

Make sure that part **E** is mounted onto
the correct side of parts **C** and **D**

7.

Place the sofa modules in their positions ready to
be connected (2 persons recommended).

8.

Lower part **C** onto part **E**, which is mounted on part **A**
(2 persons recommended).

9.

Repeat step 8 on parts **D**, **C** and **B** until the sofa is completed
(2 persons recommended).

Over time, your sofa will need some attention to ensure that the cushions remain plump and the seat cushion keeps its shape. To ensure that the cushions' filling is spread evenly, follow these steps to plump the cushions. Repeat regularly when needed.
