

REBAR TABLE

Design Sylvain Willenz

Material Tabletop Marble

Material Tabletop Tray Powder coated steel

Material Frame Anchor rebar

With Standard plastic glider

Sylvain Willenz's Rebar collection is a series of coffee-, side- and tray tables that explores the possibilities of recontextualising construction materials and processes. The design juxtaposes the reinforced steel bar frame with black marble tops and metal trays to create a balanced aesthetic. The tables are available in three different sizes in round and rectangular shapes, and are suitable for using in private, corporate or public spaces.
