HIGHLIGHTS

- A family of tables featuring round and oblong shapes in different powder coated colours, brass and polished stainless steel
- Available in different sizes and heights
- Suitable for a wide variety of private and office environments

SLIT TABLE
DESIGN BY HAY

HAY's Slit Table is a geometric steel side table inspired by paper origami techniques. The slim frame appears folded beneath the tabletop, creating a simple yet sculptural form that is reminiscent of traditional Japanese paper art. The Slit Table is available in a selection of different shapes and sizes, and is offered in a variety of contemporary colours and finishes. Compact and versatile, it can be used on its own or arranged in clusters in diverse private or public settings.

Slit Table High | Light yellow powder coated

Slit Table | Mirror polished

Slit Talbe Round | Black powder coated
Slit Table High | Mirror polished

Slit Talbe Round | Light yellow powder coated

Slit Table High | Mirror polished

Slit Talbe High | White powder coated

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise the environmental impact throughout their lifecycle. We prioritise carefully selecting materials, such as recycled content, FSC-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
