MIES BENCH,
2018

The MIES Bench has been created with the same aesthetic focus on functionality as the rest of the MIES table series. MILLION's geometric lines are immediately recognisable in the bench, yet its rounded frame and sharp expression are softened by thick 40mm padded upholstery in either leather or fabric, to create a complete and pleasurable experience.

The MIES Bench works with any table it stands beside, as an aesthetically simple, industrial bench. It can be placed individually or paired to provide seating around the MIES Conference Table. Its understated, strong expression and slim profile make it a flexible piece to be used in unlimited interior situations.

Available in lengths of 110cm or 180cm, it matches the length of all table variants in the MIES Dining and Conference table and series.
