Panton Wire Tangerine

100th Anniversary Limited Edition

Design by Verner Panton

Panton Wire Tangerine

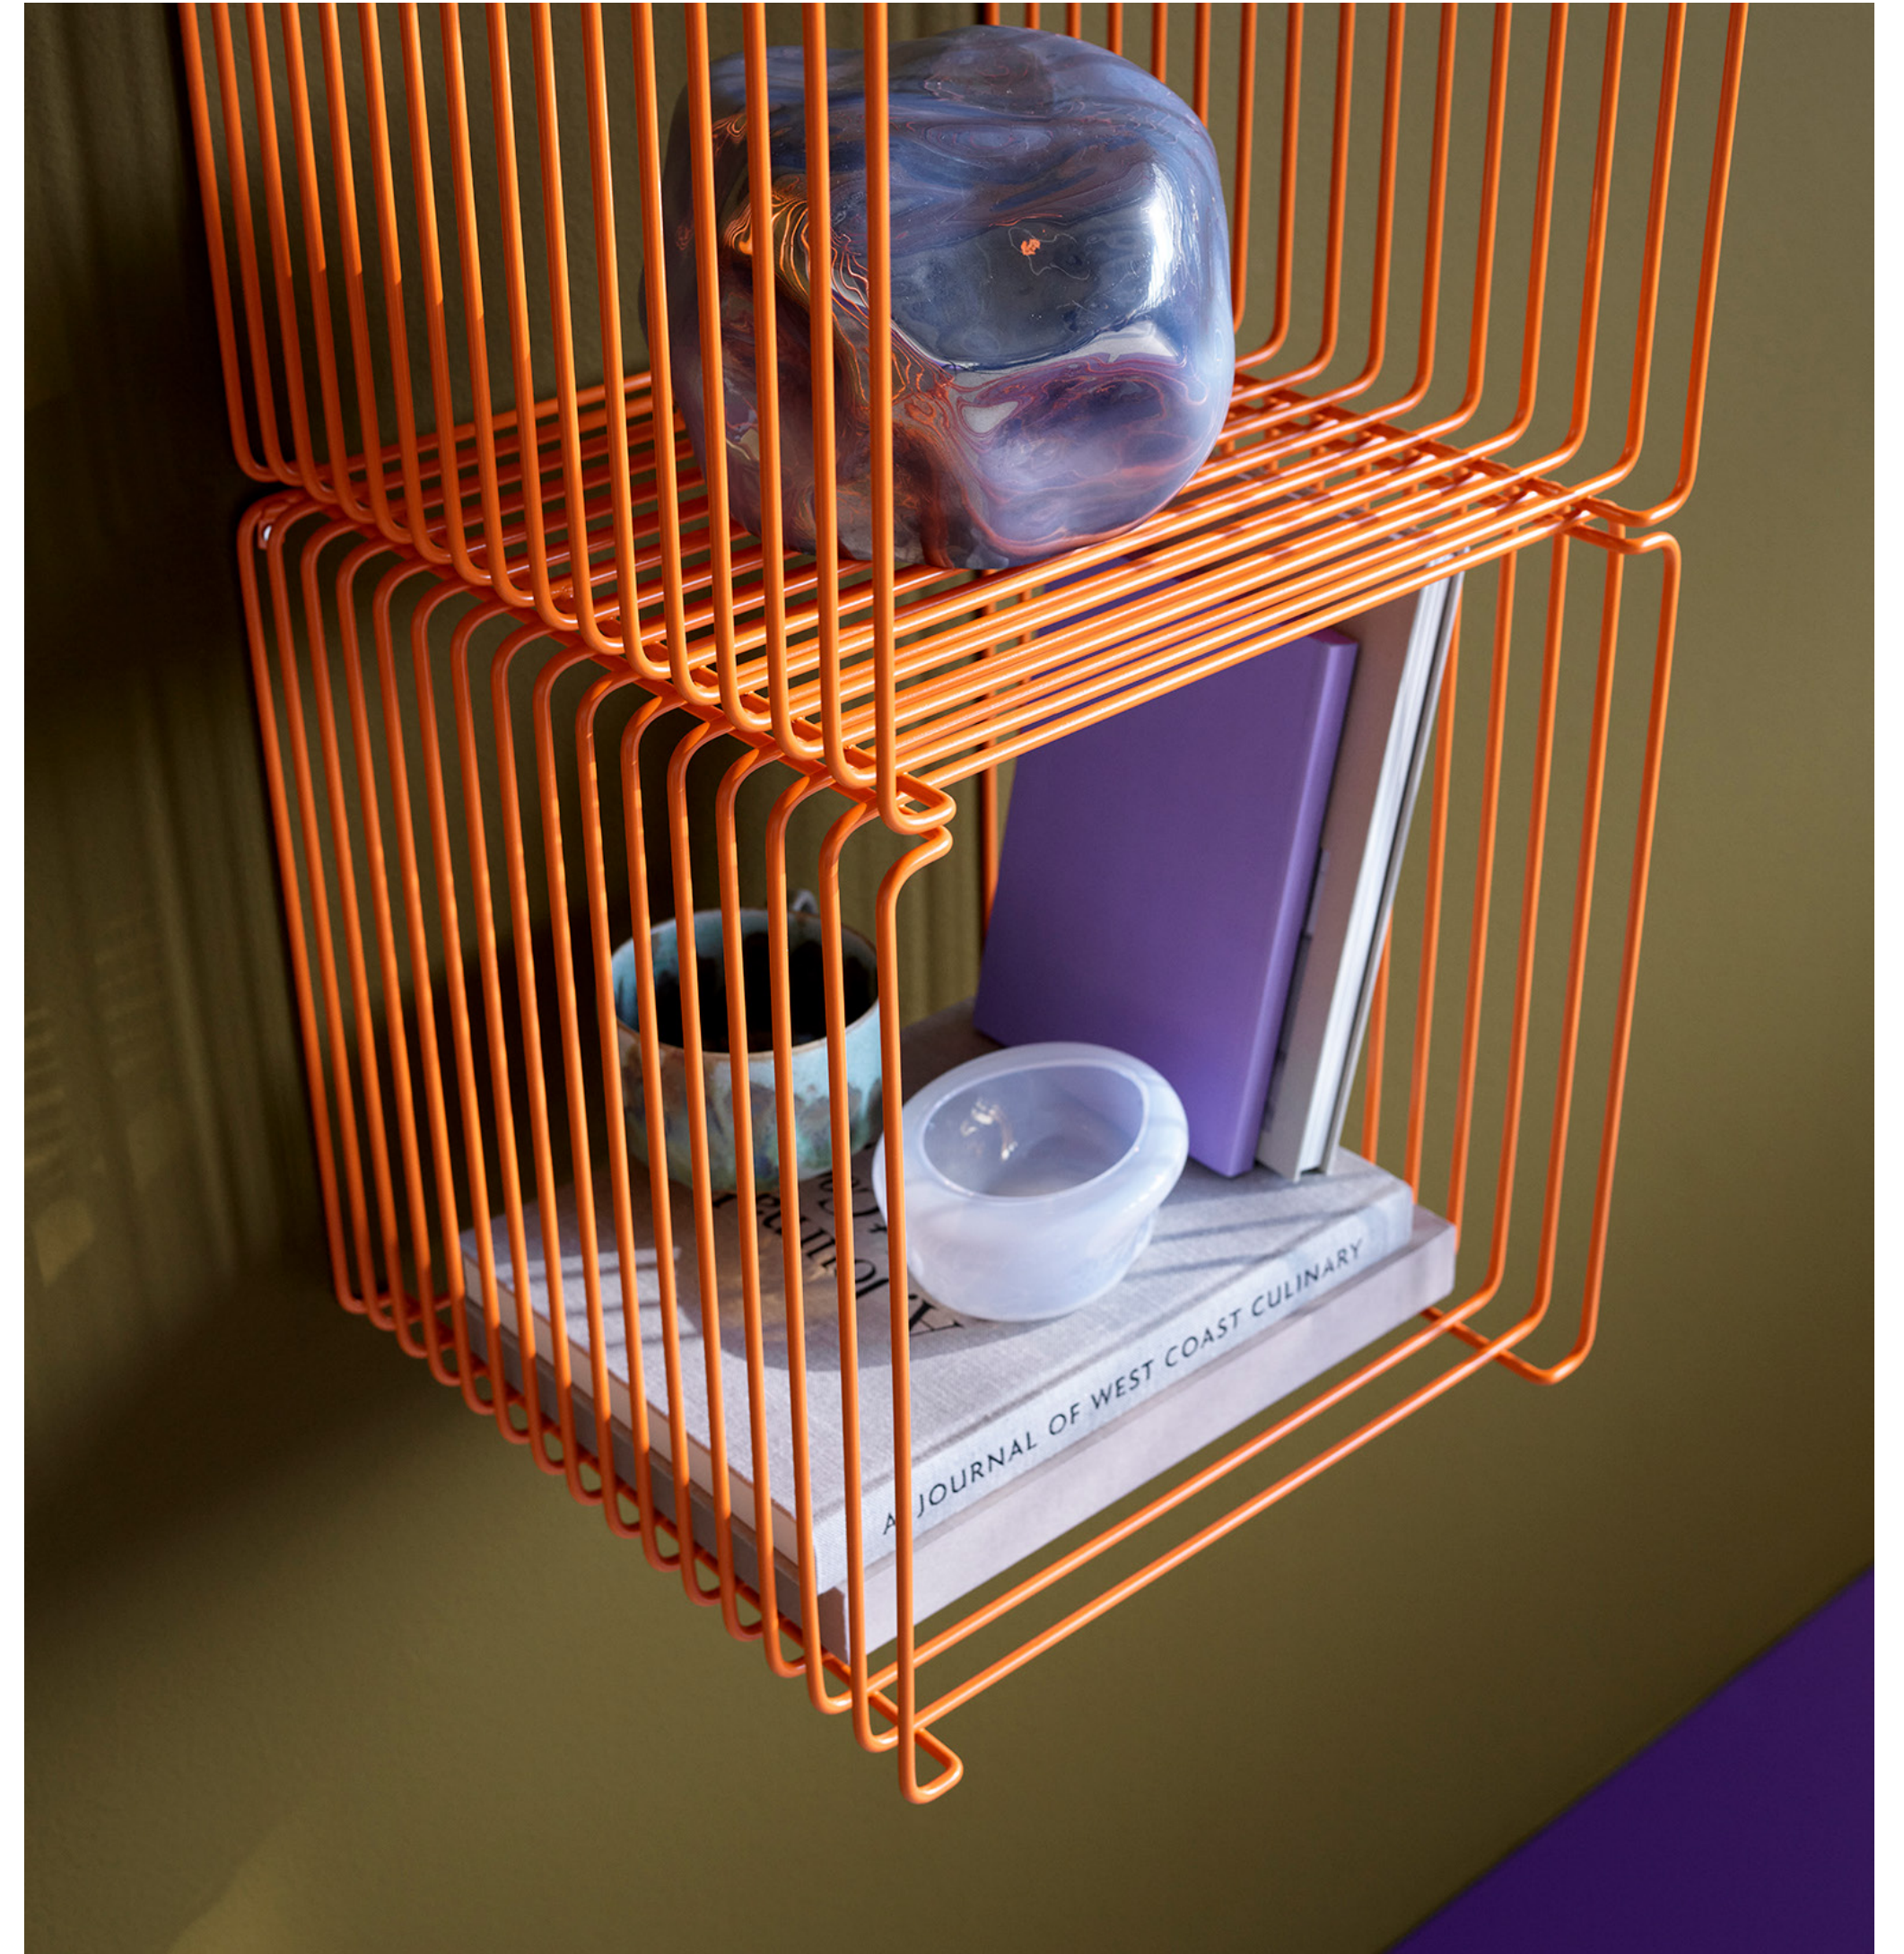

PANTON WIRE

In 2026, we celebrate the 100th anniversary of Verner Panton's birth – a designer who redefined colour, form and spatial expression.

To honour this milestone, Montana presents a limited anniversary edition of Panton Wire in Tangerine – a vibrant, luminous orange that captures Panton's fearless approach to colour.

Originally designed in 1971, Panton Wire remains a study in lightness and modularity. Its geometric simplicity allows it to function both as sculpture and storage – equally at home on the wall or floor.

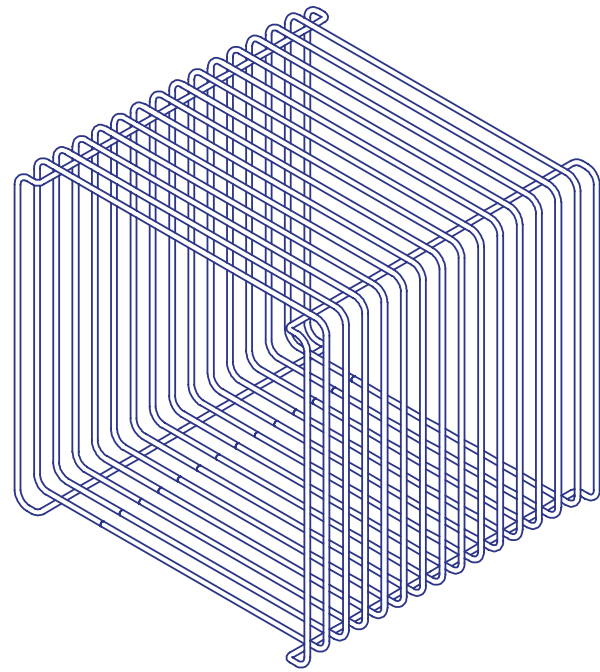

This 100th Anniversary Limited Edition is available exclusively from 10 June 2026 - 30 June 2027.

Verner Panton (1926–1998)

Verner Panton was a pioneering Danish designer who broke away from the classical Danish modern aesthetic to create a world of colour, curves, and futuristic form. Known for his playful and visionary approach, Panton explored new materials, production techniques, and spatial concepts that challenged convention.
