

Dream View Bench

“The sky remains ever-present – limitless and available to most, as long as we remember to look up. When we do, natural daylight, shifting colors, the moon, passing clouds, and birds suddenly feel within reach. This beauty – and these small moments of appreciation – are often overlooked in the rush of daily life. I wanted to create a design that draws the viewer’s gaze upward, curating moments of focus and daydreaming while gazing.”

Lise Vester

About the Designer

Lise Vester is a Copenhagen-based designer focused on creating sensory and aesthetic designs that support everyday well-being. Her approach is rooted in Healing Architecture, including collaborations with Danish hospices, where she experienced how thoughtful design can offer comfort, presence, and care across different stages of life.

Lise’s work combines playful, tactile, and sculptural elements that engage the senses and spark curiosity. Her designs—ranging from furniture to lighting—aim to invite reflection, offer new perspectives, and elevate the emotional experience of our surroundings.

Environment

Indoor And Outdoor

Country of Production

Denmark

Preassembled

Yes

Description

The Dream View Bench invites relaxation and daydreaming. Its smooth curves follow the body’s natural form, gently guiding focus toward the sky. Available in two sizes, it offers space for quiet introspection or shared reflection. Crafted in Denmark, its brushed stainless steel surface mirrors the shifting surroundings, enhancing a sense of openness. Suitable for both indoor and outdoor use, with a floor mounting option available.

Material

Rolled brushed stainless steel sheet with welded stainless steel sides.

Cleaning & Care

For general maintenance and cleaning, use only a dry, soft fabric like a microfiber cloth to remove water drops or fingerprints. For more stubborn stains, such as food spills or grease, use a chloride-free glass cleaner, as chlorides can damage stainless steel. Spray the chloride-free glass cleaner onto a soft, non-abrasive cloth or sponge. Gently rub the dampened cloth over the stainless steel surface, switching to a clean area of the cloth as needed and applying cleaner if necessary.

Avoid using steel wool or scrub brushes, as they can scratch the stainless steel and dull the finish. These tools can also leave small particles that may rust over time.

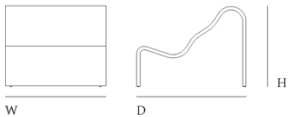

If you use liquid glass cleaner, be sure to wipe away any marks left after it dries with a dry, soft microfiber cloth. If sand or dust is blown onto it and not removed before cleaning, it may scratch the bench.

Dream View Bench

Dimensions

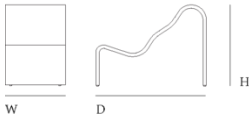

100 cm / 39.4"
