

RIME PENDANT LAMP – EU VERSION

TAF STUDIO ON THE DESIGN “Designing simple things is often one of the hardest things to do. We wanted to create a simple lamp with a glass shape, giving it a soft expression while making its top and pendant tube as subtle as possible. We were inspired by the shape of acorns for the gentle lines of the pendant while hinting towards the shaded expression of ice and rime for the glass of the design, allowing for the light to shine slightly through with a refined touch. The Rime Pendant Lamp brings a timeless yet modern perspective to the archetypal light through its translucent shade and graphic form.”

GLOVES FOR MOUNTING THE DESIGN

The Rime Pendant Lamp is made in a unique semi-transparent glass that has been sandblasted. Included in the box with the Rime Pendant Lamp is a set of gloves that we recommend worn when mounting the design to care for the unique surface of the material. If the gloves are not worn when mounting the design, fingerprints might be seen on the surface of the design.
