

NOMAD CHAIR

by Kristian Sofus Hansen & Tommy Hyldahl

Nomad Chair is a Nordic interpretation of the traditional Moroccan wicker chair. The Name is a contraction between “Nordic” and “Moroccan”, to the characteristic “Nomad”.

Nomad is a reinterpretation of the classic complex wicker chair, where the number of joints is simplified to its function only. Through a close cooperation with suppliers, many experiments have been done in order to develop the Nomads large seat and back frames, as well as the back leg which runs all the way from floor to top of the back in one piece.

Seat and back are made of two large molded bamboo frames, with inlaid natural French rattan. The semi-transparent French rattan gives the large surface a light expression and highlights the beautiful construction.

With the chair follows a neck pillow with 3 heights, as well as a seat cushion for added comfort. The pillows comes in cognac and black leather.

VARIATIONS

Natural

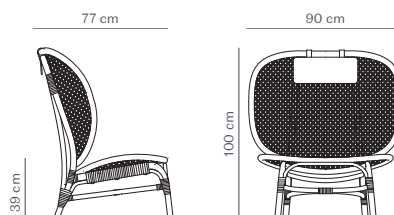

Black

DIMENSIONS

Width: 90 cm
Depth: 77 cm
Height: 100 cm
Seat Hight: 39 cm

MATERIALS

Seat and back are made of two large molded bamboo frames, with inlaid natural French rattan. The seat cushion is made of foam and leather, with a backside of mat black cotton. The head pillow is made of foam with leather. The leather has a semi mat glazing, which makes the surface more resistant.

As it is a natural product colour variances may occur.
