Press release — Spring 2018

The Stilk table series is simplicity at its best. Designed for lounge-like spaces and laid-back interiors, the tables accentuate the furniture around them like accessories enhancing an outfit. The tables are designed with flexibility in mind. The tabletops are available in three different sizes to combine with leg sets made in a choice of heights, offering nine different versions to choose from. Each table is manufactured in matt black to suit a wide range of seating and colour schemes.

The tables provide smooth surfaces at just the right heights, made in proportions sized to accessorise interiors discreetly, or take centre stage on their own. Stilk has a spontaneous character; several can be clustered together when food or drinks are served, or moved quietly into the margins when more floor space is needed.

‘Like fashion accessories, these tables complete the perfect look.’

Norwegian designers Morten Skjærpe Knarrum and Jonas Norheim are known eponymously as Morten & Jonas. They established their studio in Bergen, Norway after receiving their master's degrees from the Bergen Academy of Art and Design. The designers' cutting-edge furniture and lighting designs are sparked by curiosity and imagination, but characterised by irreverence and wit. Morten & Jonas' point of departure was their ability to bring social agendas into design, even enlisting the help of incarcerated men and women to manufacturer their Bake Me a Cake table lamp. Since then, Morten & Jonas have produced a range of celebrated designs, won several awards and had their work exhibited internationally. In Northern's debut collection, they give full expression to their combined talents, designing multi-functional furniture, modular shelving and discreet lighting.

About

Picture the North. Rugged landscapes and clear blue waters, dramatic horizons reflected in breath-taking fjords. A place filled with talent and imagination, always ready to inspire new ideas in design. It's where creative expression meets traditional craft, and where pale beauty is coupled with rough-cut contrasts. Inspirations such as these are sparking new directions for design. This is what Northern was established to pioneer.

The Northern brand was born in the studios of Northern Lighting, where a team of creatives has been illuminating lives for the past twelve years. We combine beauty with functionality, and prefer natural materials and genuine craftsmanship. Furniture and interior accessories are a natural fit for what we do, enabling us to express our characteristic style in a whole new scale.

Northern's debut collection is simplicity at its best, spelled out in streamlined designs that are fun to combine and easy to clash and contrast. Smoked wood, twilight colours and strong silhouettes create subdued moods, while subtle geometries and classic sensibilities add an elegant touch. We see the interior as a flexible, creative space, and make multifunctional products that are unified in style, as well as in spirit.

Our creative reach goes beyond our Norwegian heritage to meet the modern need for laid-back luxury and cutting-edge cool. Northern's designs can energise and inspire, create a relaxing mood, or set the scene for a soothing backdrop. Designed with the potential to make any setting unique, Northern's products add atmosphere as they reveal a new vision for Nordic style.
