ONGO® Free

ONGO®Free - Sit while standing

ONGO®Free has been especially developed for people who work at height-adjustable desks. Its curved foot makes sure you get lots of healthy movement while sitting – and thus maximum freedom. This is also reflected in the design, which is clear and minimalistic while providing pleasurable haptics and a dynamic appearance.

The triangular seat is extremely comfortable at your normal seating height; at your standing height, it offers a good hold without being confining. To ensure added sustainability, the foot features a wooden core. On the top, it is equipped with an extremely robust high-pressure laminate (HPL) coating. On the bottom, it has been coated with a CFC-free integral foam to ensure a secure grip even on hard, smooth floors and to prevent scratches.

With a foot diameter of 39 cm (15 in.), the height can be adjusted from 58 to 82 cm (23 to 32 in.) thanks to an anti-twist gas spring. To save precious resources for the packaging, ONGO®Free comes delivered in three parts: Simply stick them into one another and secure with two cone connections.

The high-quality craftsmanship that has gone into making ONGO®Free and its timeless form means the highest requirements for sustainability have been met. Like all ONGO® Active Sitting products, ONGO®Free also contributes to a positive environmental footprint by being made in Germany.

ONGO® Free

Product specifications

- Height: 58–82 cm (23–32 in.)
- Shaft: Black or Polished Chrome
- Laminate on foot: Black, White, Oak, Walnut or Alu
- Triangular seat: 39 x 39 cm (15 x 15 in.)
- Height-adjustable with anti-twist gas spring
- Foot: Ø 39 cm (15 in.)
- Weight: 5,8 kg (12,79 lbs.)
- Package size: 42 cm x 42cm x 30cm (16,5 in. x 16,5 in. x 12 in.)
- made in Germany
- 3-year warranty

Material

- Seat cover:
  a) Knitted microfiber:
  97% polyester and 3% elastane knitted to shape, Oeko-Tex 100 standard, color fastness in accordance with automotive standard, 40,000 abrasion-resistance test cycles
  b) skai® leatherette:
  PVC on knitted cotton, > 50,000 abrasion-resistance test cycles, lightfast, resistant to disinfectants
  c) skai® nature base:
  approx. 80% renewable and natural raw materials, Oeko-Tex 100 standard, adheres to German Medical Devices Act, flame-retardant, long-lasting, lightfast, abrasion-resistant
  d) kvadrat – Remix 2: 90% new wool, 10% nylon, lightfast, abrasion-resistant
  e) kvadrat – Divina Melange 2: 100% new wool, lightfast, abrasion-resistant
  f) Genuine leather: lightfast, abrasion-resistant, tearproof
- Seat foam: CFC-free polyurethane foam
- Seat carrier: glass-fiber-reinforced polyamide
- Height adjustment ring: glass-fiber-reinforced polyamide
- Cone holder at the bottom: aluminum
- Gas spring: steel/plastic
- Foot: wooden core, HPL or alu coating
- Surface of foot bottom: CFC-free integral foam
